

CW CUSTOM WOOD

PICKET TOPS AND PANEL SHAPES

We choose to construct our fences with Eastern White Cedar (EWC) wood. Through experience, we find the grading and quality of EWC to be the most consistent. It is naturally resistant to decay and insects. As time passes EWC will weather to a pleasant silvery gray. In our custom wood shop, our craftsmen can build a wide array of fence types including spaced picket, shadowbox and solid-privacy. There are also many picket designs available, as shown above. Typically posts are pressure-treated SYP,

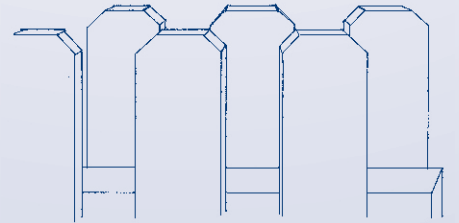

SOLID BOARD

however, wood fence can also be installed on galvanized steel posts. In our shop we can build tapered and/or stepped panels for those transition areas

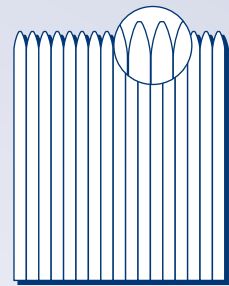

where a tall privacy fence meets a lower fence. And we construct our panels with the ability to rack, or be mounted up slopes. Gates are often a focal point of a fence and can be built to be a design accent, such as a domed gate in a straight fence. Upgrade to larger posts with decorative post caps to increase the effect.

SHADOWBOX

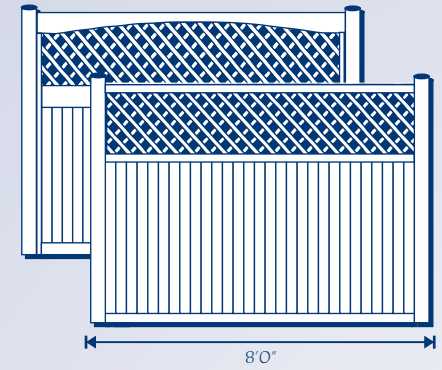

MW MANUFACTURED WOOD PANELS

MILLED STOCKADE

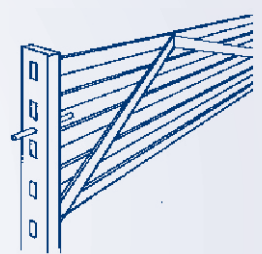

Milled stockade and Lattice-Top products are prefabricated at the mill and are in stock items. The Stockade is available in spruce at 4', 5', 6' and 8' heights and in cedar at 6' high only. The Lattice-Top is EWC and available in 6' only.

LATTICE TOP

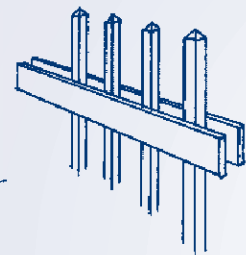

ENGLISH HURDLE

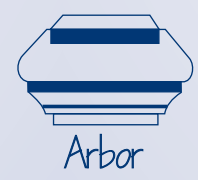

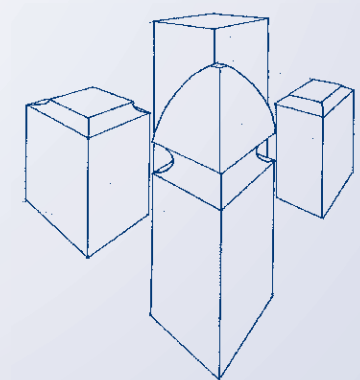

English Hurdle, and Spindle fence are our most custom wood fences. These two styles are made of EWC and can be made to your specifications. They are available in heights of 3' to 5'. English hurdle is the perfect aesthetic fence for climbing roses and is functional as well. With the proper wire and gating, it also meets pool code. Spindle is a classic design of yesteryear.

RF RAIL FENCE

SPLIT RAIL

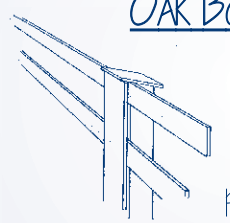

The classic rustic rail fence. Available with, Locust Posts and Spruce Rails, or Pressure Treated Posts and Treated or Spruce Rails, in 2-Rail (3' high), 3-Rail (4' high) or 4-Rail (4' or 5' high).

SLIP BOARD

Same principle as Split Rail, with 1x6" Pressure Treated boards overlapping as they pass through the post. This is also available in 2, 3 or 4-Rail. With its reduced end grain exposure, Slip Board presents less maintenance in the future.

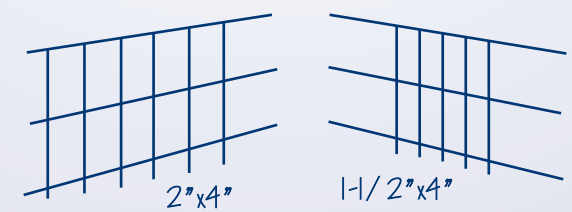

OAK BOARD WITH FACE AND CAP

Constructed of 1x6" Rough Sawn Oak boards, this nail-up fence, using 4x4 Pressure Treated Posts, is a refined version of the typical rail fence, slightly more finished than its split rail cousin.

W WIRE

VINYL COATED WELDED WIRE

Vinyl coated welded wire has many uses. It can be attached to rail fences or installed on green painted drive stakes or on 4x4 posts. It is a very economical barrier solution. Available in green and black mesh sizes 2x4 and 1-1/2x4.

MF Maintenance Free

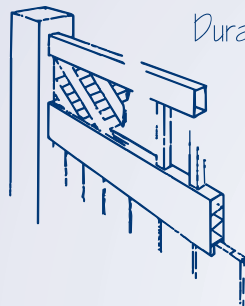

*For more information see the ActiveYards Brochure.

ALUMINUM*

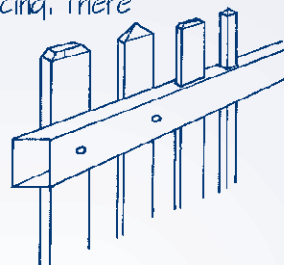

ActiveYards aluminum is the ultimate in "Estate" style fencing. It is designed to replicate wrought iron fences, without the maintenance. Integrates well with landscaping and many styles meet pool code. Available in black, and metallic pewter.

VINYL PVC*

Durable ActiveYards PVC Vinyl Fencing. There

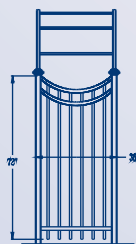

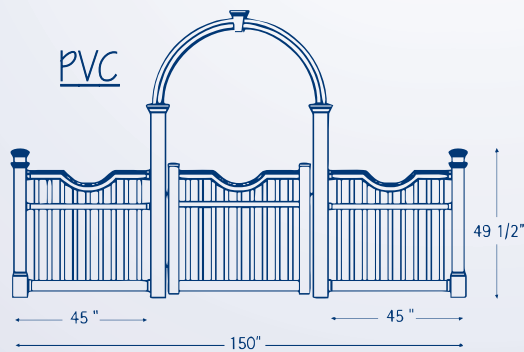

are many styles available, many of which simulate classic wood designs. Vinyl-PVC fences are great for privacy and accent fencing. They serve as great

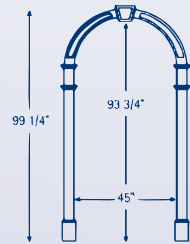

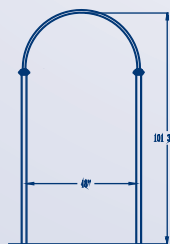

backdrop for landscaping. Gates and arbors are also available. Vinyl-PVC fence is available in the following colors: white, sand, wicker and Cambium (red cedar wood grain).

EI EXPERT INSTALLATION

Our goal at The Fence Authority is to provide the most complete and comprehensive home improvement experience. We start by visiting the mills where the raw products are produced, so we can monitor the quality of the products for your yard long before it gets to our yard. This allows us to provide the finest materials available to enhance your outdoor living space. If you don't have time to do your own fence, let one of our skilled installers do it for you. We have the finest craftsmen in the business installing our fences and they are not subcontractors. Not only will you love your new fence, but also, as a finishing touch we will rake and seed the area disturbed for the fence posts.

DIY FOR THE DO-IT-YOURSELFERS

For the handy homeowner, we provide the most complete do-it-yourself center in the business. Shop online or stop by our showroom so we may assist you in choosing from one of

our standard fences or custom fencing built to your specifications. With one of the largest inventories in the Delaware Valley we are confident we can meet your fencing needs. By the way, we can deliver your fence to your doorstep quickly.

S SHOWROOM

Each of our facilities has a complete outdoor display of our products as well as a showroom staffed to assist with your fence project. Our hours of business are listed on our website. We accept MasterCard, Visa and Discover. We look forward to your visit.
